**MEMORANDUM**

March 5, 2026

TO: County Council

FROM: Christine Wellons, Chief Legislative Attorney

SUBJECT: Bill 11-26, Fire and Rescue Services - Length of Service Awards Program for Volunteers – Amendments

PURPOSE: Public hearing – receive testimony

Expedited Bill 11-26, Fire and Rescue Services – Length of Service Awards Program for Volunteers - Amendments, sponsored by Council President Fani-González at the request of the County Executive, was introduced on February 10, 2026. Councilmember Sayles is a Co-Sponsor.

A Public Hearing was held is scheduled for March 10, and a worksession of the Public Safety (PS) Committee is scheduled for March 11.

Expedited Bill 8-22 would retroactively increase the amount of the length of service benefits to certain local fire and rescue department volunteers, pursuant to terms negotiated between MCVFRA and the Executive.

**BACKGROUND**

On December 9, 2025, the Executive requested the introduction of legislation to reflect the terms of an agreement between the Executive and the MCVFRA, effective July 1, 2023 through June 30, 2026, [MCVFRA DBA 2023-2026.pdf](#).

The agreement contemplated that Length of Service Awards Program (LOSAP) benefits would increase for eligible members by 7.5% for FY2024 (which is already reflected in Section 21-21 of the County Code); by 4% for FY2025; and by 4% for FY2026.

**BILL SPECIFICS**

For eligible volunteers, the bill would increase LOSAP benefits by 4% beginning on July 1, 2024; and by 4% beginning on July 1, 2025..

The bill would thus reflect the terms of Article 25 of the current negotiated agreement between the County Executive and MCVFRA:

*Article 25 - LOSAP*

1. *Increase in LOSAP Benefits Effectively July 1, 2023 amend County Code Section 21-21(c) to increase the dollar amount of the LOSAP benefit payments by 8% for all members, and an additional 7.5% for certain individuals who meet the requirements under 21-21 (c)(6)(A) and (B).*
2. *Increase for Certain Individuals Currently Receiving LOSAP Benefit Payments Effective July 1, 2024 who meet the requirements under 21-21 (c)(6)(A) and (B) by 4% in years two and three of the agreement.*

**SUMMARY OF IMPACT STATEMENTS**

**Fiscal Impact.** The six-year fiscal impact is estimated to be \$110,500.

According to the Office of Management and Budget, “The first increase is retroactive to payments made since July 2024, and the second is retroactive to payments made since July 2025. The estimated cost was derived by applying a four-percent adjustment to the current monthly benefit rates of eligible recipients, followed by an additional four-percent increase, consistent with the provisions of the bill. Of the total \$25,500 impact in FY26, \$8,500 represents one-time costs associated with the retroactive adjustments, while \$17,000 reflects ongoing annual costs. Annual costs of \$17,000 are expected to continue in subsequent fiscal years. This analysis assumes no change in the number of LOSAP participants and no additional administrative costs beyond the one-time adjustment expense. Over the six-year period shown in the fiscal impact summary table, the total impact is \$110,500.”

**Racial Equity and Social Justice.** “The Office of Legislative Oversight (OLO) anticipates Bill 11-26 would have a minimal impact on racial equity and social justice (RESJ) in the County. Increasing monthly Length of Service Awards Program (LOSAP) payments to fire and rescue volunteers as proposed in this Bill is not likely to meaningfully impact racial and social inequities and disparities in the County.”

**Climate Assessment.** “The Office of Legislative Oversight (OLO) anticipates Bill 11-26 will have no impact on the County’s contribution to addressing climate change as it is proposing changes to service benefits for some local fire and rescue department volunteers.”

## Bill XX-26 Length of Service Awards Program for Volunteers

### Bill Summary

This bill provides for two four percent increases to Length of Service Award Program (LOSAP) payments for certain volunteer fire and rescue members. The first increase is retroactive to monthly LOSAP payments made since July 2024, and the second increase is retroactive to payments made since July 2025. Both increases are ongoing and apply to eligible volunteers currently receiving LOSAP benefits.

### Fiscal Impact Summary

The bill is estimated to have a cost of \$25,500 in FY26, including \$8,500 in one-time costs and \$17,000 in ongoing costs. Annual expenditures of \$17,000 are projected to continue each year thereafter.

Fiscal Year	26	27	28	29	30	31	Total
Personnel Costs	\$25,500	\$17,000	\$17,000	\$17,000	\$17,000	\$17,000	\$110,500

Revenues	\$0	\$0	\$0	\$0	\$0	\$0	\$0
Total Impact	(\$25,500)	(\$17,000)	(\$17,000)	(\$17,000)	(\$17,000)	(\$17,000)	(\$110,500)
FTE	0.00	0.00	0.00	0.00	0.00	0.00	

### Fiscal Impact Analysis

Increases to monthly LOSAP benefit payments for eligible volunteer fire and rescue members. The first increase is retroactive to payments made since July 2024, and the second is retroactive to payments made since July 2025. The estimated cost was derived by applying a four-percent adjustment to the current monthly benefit rates of eligible recipients, followed by an additional four-percent increase, consistent with the provisions of the bill.

Of the total \$25,500 impact in FY26, \$8,500 represents one-time costs associated with the retroactive adjustments, while \$17,000 reflects ongoing annual costs. Annual costs of \$17,000 are expected to continue in subsequent fiscal years. This analysis assumes no change in the number of LOSAP participants and no additional administrative costs beyond the one-time adjustment expense. Over the six-year period shown in the fiscal impact summary table, the total impact is \$110,500.

### Staff Impact

The bill is not expected to impact staff time or duties.

The actuarial analysis supporting this bill is based on the same valuation used for the FY23 LOSAP amendments. That analysis assumed the full package of benefit adjustments negotiated at that time, including the 8 percent increase, the 7.5 percent increase, and the additional 4 percent increases in FY25 and FY26. The original FY23 actuarial report included the cost impact associated with each of these components, therefore the impact of the changes in this bill is a subset of the total in the actuarial report. The actual annual costs will depend on the number of volunteers who meet the benefit thresholds in each year, but the projected impacts in the attached actuarial analysis are consistent with the limited scope of amendments in Expedited Bill XX-26.

### SUMMARY

---

The Office of Legislative Oversight (OLO) anticipates Bill 11-26 would have a minimal impact on racial equity and social justice (RESJ) in the County. Increasing monthly Length of Service Awards Program (LOSAP) payments to fire and rescue volunteers as proposed in this Bill is not likely to meaningfully impact racial and social inequities and disparities in the County.

### PURPOSE OF RESJ IMPACT STATEMENTS

---

RESJ impact statements (RESJIS) evaluate the anticipated impact of legislation on racial equity and social justice in the County. RESJ is a **process** that focuses on centering the needs, leadership, and power of Black, Indigenous, and other People of Color (BIPOC) and communities with low incomes. RESJ is also a **goal** of eliminating racial and social inequities. Applying a RESJ lens is essential to achieve RESJ.<sup>1</sup> This involves seeing, thinking, and working differently to address the racial and social inequities that cause racial and social disparities.<sup>2</sup>

### PURPOSE OF BILL 11-26

---

As described by Council staff, the Length of Service Awards Program (LOSAP) is a County program that:

“provides a monthly pension for members of a Local Fire and Rescue Department [LFRD] who have provided volunteer fire and rescue service for a certain number of years. It is similar to the defined benefit pension for career fire and rescue employees, although the amount of the pension is significantly lower. The County pays for these benefits in budget appropriations instead of establishing a trust fund.”<sup>3</sup>

Any changes to LOSAP are negotiated between the County and the authorized representative of LFRDs, which is the Montgomery County Volunteer Fire and Rescue Association (MCVFRA).

The purpose of Bill 11-26 is to implement provisions from a 2023-2026 Memorandum of Agreement between the County and MCVFRA. If enacted, Bill 11-26 would provide two four percent LOSAP payment increases for certain volunteer fire and rescue members. The first increase would apply retroactively to monthly LOSAP payments made since July 2024, and the second would apply retroactively to payments made since July 2025.<sup>4</sup> The Office of Management and Budget (OMB) estimates the proposed increase in LOSAP payments would increase County expenditures by a total of \$110,500 over the next six years.<sup>5</sup>

The Council introduced Bill 11-26 on behalf of the County Executive on February 10, 2026.

This RESJIS builds on the one for Expedited Bill 21-23, which OLO published in April 2023.<sup>6</sup> It also builds on the one for Expedited Bill 41-23, which OLO published in November 2023.<sup>7</sup> Please refer to the RESJIS for Bill 21-23 for background on fire personnel and racial equity.

## Bill 11-26

### ANTICIPATED RESJ IMPACTS

---

To consider the anticipated impact of Bill 11-26 on RESJ in the County, OLO recommends the consideration of two related questions:

- Who would primarily benefit or be burdened by this bill?
- What racial and social inequities could passage of this bill weaken or strengthen?

Eligible fire and rescue volunteers would benefit from increases to their monthly LOSAP payments. Data in Table A (Appendix) shows the County's fire and rescue volunteers are predominantly White. Black, Latinx, and to a lesser extent, Asian community members are underrepresented among fire and rescue volunteers.

As noted in the RESJIS for Bill 41-23, increased benefits through LOSAP could attract more people to volunteer firefighting roles in the County. However, absent changes to recruitment strategy and organizational culture, this incentive alone is not likely to attract and retain sufficient BIPOC volunteers to improve disproportionalities in racial and ethnic representation among fire and rescue volunteers.<sup>8</sup> Further, in general, the small amount of resources devoted to this Bill is not likely to meaningfully impact racial inequities and disparities in the County.

Therefore, OLO anticipates Bill 11-26 would have a minimal impact on RESJ in the County.

### RECOMMENDED AMENDMENTS

---

The County's RESJ Act requires OLO to consider whether to recommend amendments to bills that could reduce racial and social inequities and advance RESJ.<sup>9</sup> OLO anticipates Bill 11-26 would have a minimal impact on RESJ in the County. As such, OLO does not offer recommended amendments. However, should the Council seek to improve the RESJ impact of this Bill, OLO offers one policy option for Council consideration:

- **Review findings and recommendations from comprehensive equity assessment with Montgomery County Fire and Rescue Service (MCFRS) and BIPOC community stakeholders.** In September 2022, the National Academy of Public Administration (NAPA) published a comprehensive equity assessment for MCFRS. NAPA was tasked with evaluating the following areas in MCFRS through the lens of Diversity, Equity, and Inclusion (DEI):<sup>10</sup>
  - Internal practices (recruiting, hiring, training, promotions, evaluations);
  - Member perceptions of organizational commitment to DEI;
  - Knowledge of community characteristics;
  - Citizen complaints and outcomes;
  - Emergency and non-emergency calls for service; and
  - Trust and knowledge of the Equal Employment Opportunity (EEO) complaint process.

The Council could discuss findings and recommendations from the report with MCFRS staff and BIPOC community stakeholders to identify policy solutions and investments for diversifying the MCFRS workforce, including volunteers, and addressing other RESJ concerns arising from the assessment. For instance, the report recognized that reactivating and investing in MCFRS's high school cadet program, including making it a paid program, could be a promising strategy for increasing diversity in MCFRS.

### CAVEATS

Two caveats to this RESJIS should be noted. First, predicting the impact of bills on RESJ is challenging due to data limitations, uncertainty, and other factors. Second, this RESJIS is intended to inform the Council’s decision-making process rather than determine it. Thus, any conclusion made in this statement does not represent OLO's endorsement of, or objection to, the bill under consideration.

## BILL 11-26: FIRE AND RESCUE SERVICES – LENGTH OF SERVICE AWARDS PROGRAM FOR VOLUNTEERS - AMENDMENTS

### SUMMARY

The Office of Legislative Oversight (OLO) anticipates Bill 11-26 will have no impact on the County’s contribution to addressing climate change as it is proposing changes to service benefits for some local fire and rescue department volunteers.

---

### BACKGROUND AND PURPOSE OF BILL 11-26

The Length of Service Awards Program (LOSAP) is a County program that:

“provides a monthly pension for members of a Local Fire and Rescue Department [LFRD] who have provided volunteer fire and rescue service for a certain number of years. It is similar to the defined benefit pension for career fire and rescue employees, although the amount of the pension is significantly lower. The County pays for these benefits in budget appropriations instead of establishing a trust fund.”<sup>1</sup>

Any changes to LOSAP are negotiated between the County and the authorized representative of LFRDs, which is the Montgomery County Volunteer Fire and Rescue Association (MCFVRA).

The purpose of Bill 11-26 is to implement provisions from a 2023-2026 Memorandum of Agreement between the County and MCFVRA. The provisions would provide **two** 4% LOSAP payment increases for certain volunteer fire and rescue members. The first increase would apply retroactively to monthly LOSAP payments made since July 2024, and the second would apply retroactively to payments made since July 2025.<sup>2</sup> The Office of Management and Budget (OMB) estimate the proposed increase to LOSAP payments would increase County expenditures by a total of \$110,500 over the next six years.

The Council introduced Bill 11-26 on behalf of the County Executive on February 10, 2026.

## ANTICIPATED IMPACTS

As the Bill proposes changes to service benefits for some local fire and rescue department volunteers, OLO anticipates Bill 11-26 will have no impact on the County's contribution to addressing climate change, including the reduction and/or sequestration of greenhouse gas emissions and community climate resilience.

---

## RECOMMENDED AMENDMENTS

The Climate Assessment Act requires OLO to offer recommendations, such as amendments or other measures to mitigate any anticipated negative climate impacts.<sup>3</sup> OLO does not offer recommendations or amendments as Bill 11-26 is likely to have no impact on the County's contribution to addressing climate change, including the reduction and/or sequestration of greenhouse gas emissions and community climate resilience.

---

## CAVEATS

OLO notes two caveats to this climate assessment. First, predicting the impacts of legislation upon climate change is a challenging analytical endeavor due to data limitations, uncertainty, and the broad, global nature of climate change. Second, the analysis performed here is intended to inform the legislative process, not determine whether the Council should enact legislation. Thus, any conclusion made in this statement does not represent OLO's endorsement of, or objection to, the bill under consideration.

---

## PURPOSE OF CLIMATE ASSESSMENTS

The purpose of the Climate Assessments is to evaluate the anticipated impact of legislation on the County's contribution to addressing climate change. These climate assessments will provide the Council with a more thorough understanding of the potential climate impacts and implications of proposed legislation, at the County level. The scope of the Climate Assessments is limited to the County's contribution to addressing climate change, specifically upon the County's contribution to greenhouse gas emissions and how actions suggested by legislation could help increase the County's community climate resilience.

While co-benefits such as health and cost savings may be discussed, the focus is on how proposed County bills may impact GHG emissions and community climate resilience.
