The County Council for Montgomery County, Maryland approves the following Act:

1 **Sec. 1. Sections 33-37, 33-38, 33-39, 33-40, 33-41, 33-44, 33-116 and 33-117**
2 **are amended, as follows:**

3 **33-37. Membership Requirement and membership groups.**

4 * * *

5 (f) *Membership groups and eligibility.* Any full-time or part-time employee
6 is eligible for membership in the appropriate membership group if the
7 employee meets all of the requirements for the group:

8 * * *

9 (4) Group E: The Chief Administrative Officer, the Executive Director
10 of the Office of the County Council, the hearing examiners, the
11 County Attorney and each head of a principal department or
12 office of the County government, if appointed to that position
13 before July 30, 1978, or a member having held that position on or
14 before October 1, 1972. Any sworn deputy sheriff or uniformed
15 County correctional officer in the position of Correctional Officer
16 I, Correctional Officer II, Correctional Officer III, Correctional
17 Dietary Officer I, Correctional Dietary Officer II, Resident
18 Supervisor I, Resident Supervisor II, Resident Supervisor III,
19 Correctional Supervisor-Sergeant, Correctional Dietary
20 Supervisor, Correctional Shift Commander-Lieutenant,
21 Correctional Unit Commander-Captain, Deputy Warden, or
22 Warden, or the following positions in the Emergency
23 Communications Center: Public Safety Emergency
24 Communications Specialist I, Public Safety Emergency
25 Communications Specialist II, Public Safety Emergency
26 Communications Specialist III, Public Safety Emergency
27 Communications Specialist IV, Senior Public Safety

28 Emergency Communications Specialist, Public Safety
 29 Communications Supervisor, Public Safety Emergency
 30 Communications Manager, or Emergency Communications MLS
 31 Manager II and III, or, effective June 30, 2029, any correctional
 32 health nurse in the position of Correctional Health Nurse I or
 33 Correctional Health Nurse II. Any Group E member who has
 34 reached elective early retirement date may retain membership in
 35 Group E if the member transfers from the position which qualified
 36 the member for Group E. Any Group E member who is
 37 temporarily transferred from the position which qualified the
 38 member for Group E may retain membership in Group E as
 39 long as the temporary transfer from the Group E position does not
 40 exceed 3 years. Notwithstanding the foregoing provisions in
 41 Group E, any employee who is eligible for membership in Group
 42 E must participate in the guaranteed retirement income plan or the
 43 retirement savings plan under Article VIII if the employee:

- 44 (A) (i) begins, or returns to, County service on or after
 45 October 1, 1994 (except as provided in the last
 46 sentence of subsection (e)(2));
 47 (ii) is not represented by an employee organization; and
 48 (iii) does not occupy a bargaining unit position; or
 49 (B) (i) begins County service on or after October 1, 1994;
 50 and

55 or the retirement savings plan.

56 * * *

57 (k) *Eligibility for the guaranteed retirement income plan.*

58 * * *

59 (10) Effective July 1, 2026, members of the OPT or SLT collective
60 bargaining unit of the County government who were hired prior
61 to July 1, 2015, and who previously elected or defaulted to the
62 retirement savings plan prior to the guaranteed income retirement
63 plan being made the default retirement election in 2015, will be
64 given a one-time, irrevocable opportunity to elect to terminate
65 participation in the retirement savings plan and participate in the
66 guaranteed retirement income plan. An employee who makes
67 this election must have his or her retirement savings plan
68 account balance transferred to the guaranteed retirement income
69 plan. The amount transferred into the guaranteed retirement
70 income plan must become the participant’s initial guaranteed
71 retirement income plan account balance. An employee who does
72 not make this election must continue to participate in the retirement
73 savings plan. The County and United Food and Commercial
74 Workers (UFCW), Local 1994, Municipal and County
75 Government Employees Organization (MCGEO) will jointly
76 determine the timeline for communication, election, and
77 implementation no later than August 1, 2026; with notice being
78 sent to bargaining unit members no later than September 30,
79 2026; and with election to switch to guaranteed retirement income
80 plan submitted no later than December 31, 2026.

33-38. Normal retirement date, mandatory retirement date, early retirement date, and trial retirement.

(a) Normal retirement date. The normal retirement date is the first day of the month elected by a member after the member meets the years of service and age requirements for the applicable membership group. For normal retirement:

* * *

- (4) Group E: The member must have at least:
 - (A) 15 years of credited service and be at least age 55; or
 - (B) 25 years of credited service [and be] at [least] any age [46].

* * *

- (8) Group J: The member must have at least:
 - (A) 15 years of credited service and be at least age 55; or
 - (B) 25 years of credited service [and be] at [least] any age [46].

* * *

33-39. Member Contributions and Credited Interest.

(a) Member contributions. Each member of the retirement system must contribute a portion of the member’s regular earnings through regular payroll deductions.

* * *

- (4) Member contributions to the guaranteed retirement income plan.
 - (A) A non-public safety employee member in the guaranteed retirement income plan must contribute 4[%] percent of regular earnings less than or equal to the Social Security wage base and 8[%] percent of regular earnings that exceed the Social Security wage base. For service beginning the

108 first full pay period after December 31, 2026, a non-public
 109 safety employee member in the guaranteed retirement
 110 income plan must contribute 5 percent of regular earnings
 111 less than or equal to the Social Security wage base and 9
 112 percent of regular earnings that exceed the Social Security
 113 wage base. For service beginning the first full pay period
 114 after December 31, 2027, a non-public safety employee
 115 member in the guaranteed retirement income plan must
 116 contribute 6 percent of regular earnings less than or equal to
 117 the Social Security wage base and 10 percent of regular
 118 earnings that exceed the Social Security wage base.

121 * * *

122 (e) Guaranteed Retirement Income Plan.

123 (1) Each pay period, the County must credit to each non-public safety
 124 member's guaranteed retirement income plan account an amount
 125 equal to 6 percent for service beginning on the first pay period after
 126 June 30, 2011 and 8 percent for service beginning on the first pay
 127 period after June 30, 2012 and 9 percent for service beginning the
 128 first full pay period after December 31, 2026 and 10 percent for
 129 service beginning the first full pay period after December 31, 2027
 130 of the member's regular earnings. Interest must be credited at an
 131 annual rate of 7.25 percent on the County contribution credits. If
 132 the annual 7.25 percent interest rate does not comply with
 133 applicable law, the third segment rate described in Internal
 134 Revenue Code Section 430(h)(2)(G) or any successor provision

135 must apply. Interest must be credited to a member’s guaranteed
 136 retirement income plan account balance on a monthly basis as of
 137 the last day of the month.

 150 Manager 2 who was hired on or before July 1, 2023, and who was
 151 participating in the guaranteed retirement income plan or the
 152 retirement savings plan prior to eligibility in Group E may:

153 (A) make a one-time irrevocable election to purchase credited
 154 service with their entire existing guaranteed retirement
 155 income plan or retirement savings plan balances up to and
 156 including August 7, 2024, in accordance with an actuarial
 157 determination of the value transferred; [or]

158 (B) retain guaranteed retirement income plan or retirement
 159 savings plan balances, will no longer participate in the
 160 guaranteed retirement income plan or retirement savings
 161 plan, and will enter Group E with a credited service balance

162 of 0 years, unless the employee is otherwise eligible to
 163 purchase other service credits provided for in this section[.];

164 or

165 (C) Those employees who were in the retirement savings plan
 166 (RSP) or GRIP benefit plans prior to August 8, 2023 shall
 167 have a one-time irrevocable opportunity to purchase any
 168 additional credited service years, up to their matching years
 169 of service from their hire date with County government, at
 170 a price of the full actuarial cost, plus a 7.5 percent risk share,
 171 with the actuarial cost determined in accordance with
 172 Section 33-44(o)(1) for the mandatory integrated plan.
 173 Employees may purchase the service on an after-tax basis
 174 over a period of time not exceeding 5 years. If an employee
 175 uses a payment plan, they must pay an additional 6.5 percent
 176 interest per year. The reduction of the payment plan interest
 177 rate is intended exclusively for the ECC group specified in
 178 this subsection. The County must notify affected employees
 179 of their option to purchase no later than August 1, 2026.
 180 Affected employees must submit their request to purchase
 181 by October 1, 2026. Individual cost projections, to include
 182 but not limited to payment options and payment amount to
 183 purchase years of credited service, must be provided no later
 184 than December 31, 2026. An employee's final decision to
 185 purchase must be submitted no later than March 1, 2027.

186 (2) Eligible employees who elect to purchase credited service under
 187 this subsection may not apply any years of service while a member
 188 of the guaranteed retirement income plan or the retirement savings

189 plan for the purposes of calculating years of service under either
 190 the optional retirement plan or the integrated retirement plan.

191 (3) Eligibility for early or normal retirement will be based upon the
 192 credited service at the time the employee enters Group E plus any
 193 credited service purchased by the employee.

194 (4) The vesting provisions in subsection (a)(2) will apply to employees
 195 listed in subsection (r)(1) regardless of whether they elect to
 196 purchase service credit under this subsection.

197 (s) *Positions added to Group J eligibility.*

198 (1) Notwithstanding subsection (a)(2), a County member who was
 199 hired on or before July 1, 2023, and who was participating in the
 200 guaranteed retirement income plan or the retirement savings plan
 201 prior to Group J eligibility, and who becomes Group J eligible after
 202 July 1, 2023 may:

203 (A) make a one-time irrevocable election to purchase credited
 204 service with their entire existing guaranteed retirement
 205 income plan or retirement savings plan balances up to and
 206 including August 7, 2024, in accordance with an actuarial
 207 determination of the value transferred; [or]

208 (B) retain guaranteed retirement income plan or retirement
 209 savings plan balances, will no longer participate in the
 210 guaranteed retirement income plan or retirement savings
 211 plan, and will enter Group J with a credited service balance
 212 of 0 years, unless the employee is otherwise eligible to
 213 purchase other service credits provided for in this section[.];
 214 or

215 (C) Emergency Communication Center Employees currently in
 216 Group JK who were in the RSP or GRIP benefit plans prior
 217 to August 8, 2023, shall have a one-time irrevocable
 218 opportunity to purchase any credited service years up to
 219 their matching years of service from their hire date with
 220 County government at a price of the full actuarial cost, plus
 221 a 7.5 percent risk share, with the actuarial cost determined
 222 in accordance with Sec. 33-44 (o)(1) for the mandatory
 223 integrated plan. Employees may purchase the service on an
 224 after-tax basis over a period of time not exceeding 5 years.
 225 If an employee uses a payment plan, they must pay an
 226 additional 6.5 percent interest per year. The reduction of the
 227 payment plan interest rate is intended exclusively for the
 228 ECC group specified in this subsection. The County must
 229 notify affected employees of their option to purchase no
 230 later than August 1, 2026. Affected employees must submit
 231 their request to purchase by October 1, 2026. Individual cost
 232 projections, to include but not limited to payment options
 233 and payment amount to purchase years of credited service,
 234 must be provided to affected employees no later than
 235 December 31, 2026. An employee's final decision to
 236 purchase must be submitted no later than March 1, 2027.

237 (2) Eligible employees who elect to purchase credited service under
 238 this subsection may not apply any years of service while a member
 239 of the guaranteed retirement income plan or the retirement savings
 240 plan for the purposes of calculating years of service under either
 241 the optional retirement plan or the integrated retirement plan.

242 (3) Eligibility for early or normal retirement will be based upon the
 243 credited service at the time the employee enters Group J plus any
 244 credited service purchased by the employee.

245 (4) The vesting provisions in subsection (a)(2) will apply to employees
 246 listed in subsection (s)(1) regardless of whether they elect to
 247 purchase service credit under this subsection.

248 **33-44. Pension payment options and cost of living adjustments.**

249 * * *

250 (g) Distributions from the Guaranteed Retirement Income Plan. A participant
 251 who receives a contribution under Section 33-42A must not receive a
 252 distribution until the participant attains the Social Security retirement age.
 253 Any other participant may receive a distribution when the participant
 254 terminates County employment. A participant may elect a distribution
 255 from the guaranteed retirement income plan of a participant's vested
 256 guaranteed retirement income plan account balance as follows:

257 * * *

258 (2) Annuity Method of Distribution.

259 (A) Payment Election. A participant may elect to receive
 260 the participant's guaranteed retirement income plan account
 261 balance paid in:

262 [(A)] (i) a single life annuity payable to the participant
 263 during the life of that participant; or

264 [(B)] (ii) a joint and survivor annuity payable to the
 265 participant over the participant's lifetime and, at the
 266 participant's death, payable to the designated
 267 beneficiary (spouse, domestic partner, or children
 268 only) who survives. Payments must be made for the

269 designated beneficiary's lifetime in the amount
 270 payable to the participant or another amount elected
 271 by the participant, but not less than 10 percent of
 272 the amount payable to the participant.

273 (B) Participants who elect a single life annuity or a joint and
 274 survivor Annuity shall receive a post-retirement Cost-of-
 275 Living Adjustment (COLA) based upon changes in
 276 Washington-Arlington-Alexandria Consumer Price Index,
 277 up to 2.5 percent annually. The COLA does not apply to
 278 retirees in the Retirement Savings Plan who elect the
 279 transfer to employees' retirement system, annuity option
 280 under, Section 33-120(f)(4).

281 **33-116. Participant Contributions.**

282 (a) Percent of participant contributions.

283 (1) (A) Group I. Each participant in Group I must contribute,
 284 through regular payroll deductions, 4 percent of regular earnings less
 285 than or equal to the Social Security wage base and 8 percent of
 286 regular earnings that exceed the Social Security wage base. For
 287 service beginning the first full pay period after December 31, 2026,
 288 each Group I participant must contribute 5 percent of regular
 289 earnings less than or equal to the Social Security wage base and 9
 290 percent of regular earnings that exceed the Social Security wage
 291 base. For service beginning the first full pay period after December
 292 31, 2027, each Group I participant must contribute 6 percent of
 293 regular earnings less than or equal to the Social Security wage base
 294 and 10 percent of regular earnings that exceed the Social Security
 295 wage base.

(10) Effective July 1, 2026, members of the OPT or SLT collective bargaining unit of the County government who were hired prior to July 1, 2015, and who previously elected or defaulted to the retirement savings plan prior to the guaranteed income retirement plan being made the default retirement election in 2015, will be given a one-time, irrevocable opportunity to elect to terminate participation in the retirement savings plan and participate in the guaranteed retirement income plan. An employee who makes this election must have his or her retirement savings plan account balance transferred to the guaranteed retirement income plan. The amount transferred into the guaranteed retirement income plan must become the participant’s initial guaranteed retirement income plan account balance. An employee who does not make this election must continue to participate in the retirement savings plan. The County and United Food and Commercial Workers (UFCW), Local 1994, Municipal and County Government Employees Organization (MCGEO) will jointly determine the timeline for communication, election, and implementation no later than August 1, 2026; with notice being sent to bargaining unit members no later than September 30, 2026; and with election to switch to guaranteed retirement income plan submitted no later than December 31, 2026.

 141 Communications Specialist IV, Senior Public Safety Emergency
 142 Communications Specialist, Public Safety Communications
 143 Supervisor, Public Safety Emergency Communications Manager, or
 144 Emergency Communications MLS Manager 2 who was hired on or
 145 before July 1, 2023, and who was participating in the guaranteed
 146 retirement income plan or the retirement savings plan prior to eligibility
 147 in Group E may:

148 (A) make a one-time irrevocable election to purchase credited service
 149 with their entire existing guaranteed retirement income plan or
 150 retirement savings plan balances up to and including August 7,
 151 2024, in accordance with an actuarial determination of the value
 152 transferred; [or]

153 (B) retain guaranteed retirement income plan or retirement savings
 154 plan balances, will no longer participate in the guaranteed
 155 retirement income plan or retirement savings plan, and will enter
 156 Group E with a credited service balance of 0 years, unless the
 157 employee is otherwise eligible to purchase other service credits
 158 provided for in this section[.]; or

159 (C) Those employees who were in the retirement savings plan (RSP)
 160 or GRIP benefit plans prior to August 8, 2023 shall have a one-

161 time irrevocable opportunity to purchase any additional credited
 162 service years, up to their matching years of service from their hire
 163 date with County government, at a price of the full actuarial cost,
 164 plus a 7.5% risk share, with the actuarial cost determined in
 165 accordance with Sec. 33-44(o)(1) for the mandatory integrated
 166 plan. Employees may purchase the service on an after-tax basis
 167 over a period of time not exceeding five (5) years. If an employee
 168 uses a payment plan, they must pay an additional 6.5% interest
 169 per year. The reduction of the payment plan interest rate is
 170 intended exclusively for the ECC group specified in this
 171 subsection. The County must notify affected employees of their
 172 option to purchase no later than August 1, 2026. Affected
 173 employees must submit their request to purchase by October 1,
 174 2026. Individual cost projections, to include but not limited to
 175 payment options and payment amount to purchase years of
 176 credited service, must be provided no later than December 31,
 177 2026. An employee's final decision to purchase must be
 178 submitted no later than March 1, 2027.

- 179 (2) Eligible employees who elect to purchase credited service under this
 180 subsection may not apply any years of service while a member of the
 181 guaranteed retirement income plan or the retirement savings plan for
 182 the purposes of calculating years of service under either the optional
 183 retirement plan or the integrated retirement plan.
- 184 (3) Eligibility for early or normal retirement will be based upon the credited
 185 service at the time the employee enters Group E plus any credited
 186 service purchased by the employee.

187 (4) The vesting provisions in subsection (a)(2) will apply to employees
 188 listed in subsection (r)(1) regardless of whether they elect to purchase
 189 service credit under this subsection.

190 (s) *Positions added to Group J eligibility.*

191 (1) Notwithstanding subsection (a)(2), a County member who was hired on
 192 or before July 1, 2023, and who was participating in the guaranteed
 193 retirement income plan or the retirement savings plan prior to Group J
 194 eligibility, and who becomes Group J eligible after July 1, 2023 may:

195 (A) make a one-time irrevocable election to purchase credited service
 196 with their entire existing guaranteed retirement income plan or
 197 retirement savings plan balances up to and including August 7,
 198 2024, in accordance with an actuarial determination of the value
 199 transferred; [or]

200 (B) retain guaranteed retirement income plan or retirement savings
 201 plan balances, will no longer participate in the guaranteed
 202 retirement income plan or retirement savings plan, and will enter
 203 Group J with a credited service balance of 0 years, unless the
 204 employee is otherwise eligible to purchase other service credits
 205 provided for in this section[.]; or

206 (C) Emergency Communication Center Employees currently in
 207 Group JK who were in the RSP or GRIP benefit plans prior to
 208 August 8, 2023, shall have a one-time irrevocable opportunity to
 209 purchase any credited service years up to their matching years of
 210 service from their hire date with County government at a price of
 211 the full actuarial cost, plus a 7.5% risk share, with the actuarial
 212 cost determined in accordance with Sec. 33-44 (o)(1) for the
 213 mandatory integrated plan. Employees may purchase the service

214 on an after-tax basis over a period of time not exceeding five (5)
 215 years. If an employee uses a payment plan, they must pay an
 216 additional 6.5% interest per year. The reduction of the payment
 217 plan interest rate is intended exclusively for the ECC group
 218 specified in this subsection. The County must notify affected
 219 employees of their option to purchase no later than August 1,
 220 2026. Affected employees must submit their request to purchase
 221 by October 1, 2026. Individual cost projections, to include but
 222 not limited to payment options and payment amount to purchase
 223 years of credited service, must be provided to affected employees
 224 no later than December 31, 2026. An employee's final decision
 225 to purchase must be submitted no later than March 1, 2027.

- 226 (2) Eligible employees who elect to purchase credited service under this
 227 subsection may not apply any years of service while a member of the
 228 guaranteed retirement income plan or the retirement savings plan for
 229 the purposes of calculating years of service under either the optional
 230 retirement plan or the integrated retirement plan.
- 231 (3) Eligibility for early or normal retirement will be based upon the credited
 232 service at the time the employee enters Group J plus any credited
 233 service purchased by the employee.
- 234 (4) The vesting provisions in subsection (a)(2) will apply to employees

Subject: Service Purchase Opportunity for ECC Employees in Groups E and J, Group E and J Retirement Eligibility Changes, Transfer of Correctional Health Nurses to Group E

Dear Ms. Harling:

As requested, we have measured the cost impact to the Montgomery County Employees' Retirement System (ERS) of the following changes:

- Provide a one-time irrevocable opportunity for ECC employees in Groups E and J to purchase credited years of service;
- Change the normal retirement eligibility conditions for Groups E and J to allow retirement at 25 years of service at any age; and
- Transfer Correctional Health Nurses to Group E.

The cost impact in this letter is based on the results of the July 1, 2025 actuarial valuation.

Service Purchase Opportunity for ECC Employees in Groups E and J

Specified ECC employees in Groups E and J will be provided a one-time irrevocable opportunity to purchase credited years of service at the full actuarial cost, plus a 7.5% risk share.

The cost impact to Groups E and J will depend on the number of employees and the amount of service purchased. For example, if the full actuarial cost of purchasing the service is \$10,000, the employee would pay \$10,750 for the service purchase, which would have a favorable impact on the Group E and J unfunded liability. The service purchase would also increase the funded ratio (if the funded ratio is less than 107.5%).

Change in Retirement Eligibility Conditions

Currently, members of Group E and Group J are eligible for normal retirement at age 55 and 15 years of credited service, or age 46 and 25 years of credited service. The retirement eligibility conditions have been revised and members will now be eligible for normal retirement with 25 years of credited service at any age.

The change in retirement eligibility conditions affects members who earn 25 years of credited service before reaching age 46 (entered the plan before age 21).

Exhibit VI includes a summary of the number of active members by calculated hire age. There are 21 current active members of Group E (20 of which who are younger than age 46 as of the valuation date and may be impacted by this change) and 2 current active members of Group J (0 of which who are younger than age 46 as of the valuation date and may be impacted by this change) with calculated hire ages younger than 21.

Exhibit VII includes a summary of the current age and service for the Group E members with a calculated hire age of younger than 21.

The change is estimated to increase the Group E unfunded actuarial liability measured as of July 1, 2025, by \$17,100 and the Group E County contribution for fiscal year 2027 by \$2,507.

Transfer of Correctional Health Nurses to Group E

Correctional Health Nurses will be transferred to Group E on June 30, 2029.

The County provided a data file on January 12, 2026 with the employees as of July 1, 2025 eligible to transfer under a previous proposal. The Correctional Health Nurses were included on that file and can be classified as follows:

Employee designation	Group A	Group J	Total
Correctional Health Nurses	1	20	21

The employee in Group A is a non-represented employee (bargaining unit code NON) and the employees in Group J are represented employees (bargaining unit code OPT).

There were two employees in Group J on the data file provided who were not in the actuarial valuation as of July 1, 2025.

Because the data is as of July 1, 2025 and the transfer will occur on June 30, 2029, the number of affected employees may be different than the 21 shown above.

Plan Provision Comparison

Upon transferring from Group A or Group J, Correctional Health Nurses would receive the benefits in accordance with the Group E provisions for all service, including the following benefit provisions (compared to Group A or J provisions):

- Normal and early retirement eligibility

Group	Normal Retirement Eligibility (Age/Service)	Early Retirement Eligibility (Age/Service)
A	60/5, 55/30	50/15, 45/20
J	55/15, 46/25	45/15, 41/20
E	55/15, 46/25	45/15, 41/20

- Benefit payable until Social Security Normal Retirement Age (SSNRA) equal to the pre-SSNRA benefit accrual rate times average final earnings for each year of credited service, up to the maximum amount of years. Benefit payable beginning at SSNRA (Age 70 for Group E and J) equal to the post-SSNRA benefit accrual rate times average final earnings for each year of credited service, up to the maximum amount of years.

Group	Pre-SSNRA Benefit Accrual First 25 Years	Pre-SSNRA Benefit Accrual after 25 Years	Maximum Years of Service*	Post-SSNRA Benefit Accrual**	Benefit Change Age/SSNRA
A	2.00%	2.00%	36	1.25%	SSNRA
J	2.50%	2.00%	30	1.65%	70
E	2.60%	2.25%	30	1.65%	70

* Maximum years plus sick leave credit.

**Applicable to average final earnings up to Social Security maximum covered compensation. Benefit accrual rates for average final earnings above Social Security maximum covered compensation are the pre-SSNRA rates.

- Employee contributions

Group	Employee Rate up to the SSTWB	Employee Rate in Excess of the SSTWB
A	6.00%	8.00%
J	6.75%	10.50%
E	6.75%	10.50%

Asset Transfer

The County Code does not specify a method to use for transferring assets from Group A or J to another group. Therefore, we assumed that assets attributable to each member of Group A and J correspond to the funded ratio based on the actuarial value of assets for each of those plans. Because the Groups A, H, and GRIP funded ratio is 98.5%, assets attributable to transferring Group A members are equal to 98.5% of the liabilities under the Group A plan provisions and assumptions calculated for those members. Similarly, the funded ratio for Group J is 104.0% and, therefore, assets attributable to transferring Group J members are equal to 104.0% of the liabilities under the Group J plan provisions and assumptions calculated for those members. Additional employee contributions would also be made to Group E (as shown in the table on the following page).

Under the County Code Chapter 33-37, members who transfer from Group A or H to Group E, F, G or J (or between Groups A and H) will have their service transferred to the new group. In addition to paying the contribution rate increase as of the effective date of transfer, the transferring member must pay the additional amount of contributions that would have been paid as a member of Group E, F, G or J (or A or H) from July 1, 1970, or hire date, if later, plus interest at the rate of 6 ½% per annum to date of full payment.

The following table provides details on the amount of the asset transfer from Groups A and J to Group E, the estimated additional employee contributions required for the transfer and the estimated impact on the net unfunded liability for Groups A, J and E.

The estimated impact on the unfunded actuarial liability measured as of July 1, 2025 is \$(2,512) for Group A, \$212,760 for Group J, and \$225,376 for Group E, for a net increase in the unfunded actuarial accrued liability of \$435,624. The transfer will occur on June 30, 2029 and will be measured as of that date and will first affect the County fiscal year 2031 contribution.

Net Unfunded Liability Under Current Group After Transfer	(2,512)	212,760	210,248
Transferring Member Funded Ratio Under Group E	55.0%	98.5%	

Please note that the estimated additional AC with interest for Group E shown above is a rough estimate only. (We estimated that if a member with 9 years of service was required to make an additional contribution of 0.75% of pay for each of the 9 years, accumulated with 6.50% interest, the additional amount would be approximately equal to 15% of their current AC with interest.) We set the assumption of 15% based on a hypothetical projection using the historical employee contribution rates of Groups A and E, the current salary increase assumption for Group A, annual interest on the Group A contributions of 4% and annual interest on the make-up additional contribution of 6.50%. A full salary history back to the employee's hire date would be needed in order to calculate the actual additional contribution the employee would need to make in order to transfer under the provisions of County Code Chapter 33-37. (We are happy to provide an exact calculation for the member, if requested, after receiving the necessary salary history.)

Normal Cost Comparison

The normal cost rate is the estimated annual cost of providing benefits (as a percentage of payroll) over a member’s career.

Based on the most recent actuarial valuation as of July 1, 2025, following are the County normal cost rates for Groups A, E, and J based on the members participating in those plans as of the valuation date. The average County normal cost rate for Group E is higher than the rate for Groups A and J due to the retirement eligibility conditions, benefits provided and actuarial assumptions applicable to Group E compared to the other groups. Therefore, the County contribution is expected to increase as a result of transferring the Correctional Health Nurses from Groups A and J to Group E.

The Appendix includes the language from County Code Chapter 33-37 which describes the transfer provisions for the Group A and J members and a brief summary of the current benefit provisions.

The change in Group E and J retirement eligibility conditions is projected to slightly increase the County contribution requirement. There are currently only a small number of Group E employees who would be affected and no Group J employees who would be affected.

The transfer of Correctional Health Nurses from Group A and J to Group E is expected to increase the County contribution requirement. Transferring employees would be required to make an additional contribution upon transferring attributable to past service. Because the Group E employee contribution rate is 0.75% of pay higher than the Group A contribution rate, this additional amount for each year of past service (with 6.50% annualized interest from the year the original contribution would have been

made to the payment date) would need to be contributed by the employee under the provisions of County Code Chapter 33-37. However, this additional amount is not expected to be high enough to cover the difference in the actuarial accrued liability under Group E compared to Group A and, therefore, the transfer would create an unfunded liability. The actuarial accrued liability for members transferring from Group J is higher under the Group E provisions and assumptions, and because the employee contribution rates are the same under Groups E and J, we don't believe any additional employee contributions would be payable. In addition to the cost associated with the unfunded liability, the ongoing cost (as measured by the County normal cost) is higher under Group E compared to Groups A or J.

Considerations and Disclosures

The analysis was performed at the request of Montgomery County ("County") and is intended for use by the County and those designated by the County. This analysis may be provided to parties other than the County only in its entirety and only with the permission of the County.

We assumed that member behavior would be based on the Group E assumptions for results after the transfer and that assumed rates of salary increase, termination rates and retirement rates would be based on total service (including service under the current plan). This may result in assuming that members will retire at a different age if they transfer to Group E than if they remain in their current plan.

We amortized the change in unfunded liability over a 20-year period which is consistent with the current funding policy.

If any of the provisions, underlying data or assumptions used in this analysis appear to be incorrect or unreasonable, please let us know as soon as possible so we can update the analysis.

Future actuarial measurements may differ significantly from the current measurements presented in this cost analysis due to such factors as the following: plan experience differing from that anticipated by the economic or demographic assumptions; changes in economic or demographic assumptions; and changes in plan provisions, contribution amounts or applicable law.

This report was prepared using our proprietary valuation model and related software which, in our professional judgment, has the capability to provide results that are consistent with the purposes of the valuation, and has no material limitations or known weaknesses. We performed tests to ensure that the model reasonably represents that which is intended to be modeled. We are relying on the GRS actuaries and Internal Software, Training and Processes Team, who developed and maintain the model.

To the best of our knowledge, the information contained in this analysis is accurate and fairly presents the actuarial position of the Montgomery County Employees' Retirement System as of the valuation date. All calculations have been made in conformity with generally accepted actuarial principles and practices, and with the Actuarial Standards of Practice issued by the Actuarial Standards Board.

¹ Amortization bases established prior to the July 1, 2015 actuarial valuation were recombined into a single amortization base equal to the total unfunded liability as of July 1, 2015. Beginning July 1, 2023, the amortization of the current and future unfunded liability for the non-Public Safety groups A, H, and GRIP was amortized over a 20-year closed period. Beginning July 1, 2015, amortization of the current and future unfunded liability will occur over separate closed 20-year amortization periods for each of the Public Safety groups (Groups E, F, G and J).

¹ Amortization bases established prior to the July 1, 2015 actuarial valuation were recombinated into a single amortization base equal to the total unfunded liability as of July 1, 2015. Beginning July 1, 2023, the amortization of the current and future unfunded liability for the non-Public Safety groups A, H, and GRIP was amortized over a 20-year closed period. Beginning July 1, 2015, amortization of the current and future unfunded liability will occur over separate closed 20-year amortization periods for each of the Public Safety groups (Groups E, F, G and J).

The County contribution requirement is projected to increase by three percent each year. The fiscal year 2027 contribution is based on payroll as of July 1, 2025. The projections do not include the impact of the deferred gains and losses in the future projected actuarial value of assets after July 1, 2025.

The Groups E and J retirement eligibility condition change affects current represented employees only (and does not affect any current non-represented employees).

The Correctional Health Nurse transfer to Group E which is effective June 30, 2029 is projected to first affect the fiscal year 2031 County contribution.

In order to determine how many current active members are affected by the change to allow normal retirement at 25 years of credited service at any age, we calculated a hire age for each active member based on the member's age at the valuation date minus credited service at the valuation date. (Credited service includes County, purchased, transferred, sick leave and military service as of the valuation date.) Members with calculated hire ages younger than 21 would have 25 years of service before age 46 based on earning one year of credited service in each future year (and no changes to purchased, transferred, sick leave and military service).

Language from Montgomery County Code Section Article III, Division 2, Chapter 33-37 regarding group transfers

(g) Transfer from one group to another. A member who elects to transfer from one membership group to another as a result of amendments to this Article must transfer by December 31, 1978, or forfeit this option. However, under paragraph 4, a group D member may transfer to group F at any time before the member's retirement date. Additional contributions made as a result of the transfer must not be treated as picked-up contributions.

(1) Transfers From Group A to Group E, F, G, H, or J. Whenever a group A member transfers to a position which is qualified for membership in group E, F, G, H, or J, the retirement service credits earned as a group A member must be used for the purpose of qualifying for retirement. Except for the contribution rate increase as of the effective date of transfer, there will be no additional charges levied on any member who is transferred prior to July 1, 1970. Any member who transfers after July 1, 1970, in addition to paying the contribution rate increase as of the effective date of transfer, must pay the additional amount of contributions that would have been paid as a member of group E, F, G, H, or J from July 1, 1970, or hire date, if later, plus interest at the rate of 6 ½ percent per annum to date of full payment.

(5) Transfers From Group H to Group A, E, F, G, or J. A group H member may transfer to group A, E, F, G, or J and the retirement service credits earned as a group H member must be used for the purpose of qualifying for retirement under group A, E, F, G, or J. Any member who transfers on or after July 1, 1989, in addition to paying the contribution rate increase as of the effective date of transfer, must pay the additional amount of contributions that would have been paid as a member of group A, E, F, G, or J from July 1, 1970, or hire date, if later, plus interest at the rate of 6 ½ percent per annum to date of full payment.

Benefit Provisions as of July 1, 2025

1. Social Security Wage Base

For any particular year, the maximum amount of earnings creditable for benefit computation purposes under the Old Age, Survivors and Disabilities Insurance Program established by the Federal Social Security Act.

Year	Social Security Taxable Wage Base	Year	Social Security Taxable Wage Base
2011	\$106,800	2021	\$142,800
2012	\$110,100	2022	\$147,000
2013	\$113,700	2023	\$160,200
2014	\$117,000	2024	\$168,600
2015	\$118,500	2025	\$176,100
2016	\$118,500		
2017	\$127,200		
2018	\$128,400		
2019	\$132,900		
2020	\$137,700		

2. Social Security Maximum Compensation Level

The maximum dollar amount of earnings upon which Social Security benefits are based, assuming: (1) an employee's annual compensation is at least as great as the taxable wage base each year, for a 35-year period through the year in which the employee attains Social Security Retirement Age, (2) the employee remained in covered employment during each calendar year, and (3) the taxable wage base stays level from date of retirement to Social Security Retirement Age.

3. Social Security Retirement Age

Age 65 for employees born prior to January 1, 1938.

Age 66 for employees born on or after January 1, 1938, and prior to January 1, 1955.

Age 67 for employees born on or after January 1, 1955.

4. Regular Earnings

Gross pay for actual hours worked, excluding overtime.

Imputed Compensation for FY2010 only (effective July 1, 2009):

- Regular earnings for a Group A, E, J or H member who is employed on July 1, 2009, includes amounts as if the member had received an increase of 4.5% in the member's gross pay as of July 1, 2009, except for the purpose of calculating a member's contribution.

5. Benefits

A. Normal Retirement Date:

Age and Service Requirement:

- Group A: Age 60 and five years of credited service, or age 55 and 30 years of credited service (after June 30, 2002, age 60 and five years of credited service, or age 50 and 30 years of credited service for members who are Police Telecommunicators).

Sick leave credits used for years in excess of 25 years is credited at 2% of average final earnings above Social Security maximum covered compensation.
 - Group J: 1.65% of average final earnings up to Social Security maximum covered compensation for each year of credited service up to a maximum of 30 years plus sick leave credits, plus 2.5% of average final earnings above Social Security maximum covered compensation for each of the first 25 years, and 2% of average final earnings above Social Security maximum covered compensation for each year of credited service after 25 years up to a maximum of 30 years, plus sick leave credits. Sick leave credits used for years in excess of 25 years is credited at 2% of average final earnings above Social Security maximum covered compensation. (Prior to August 7, 2023: 1.65% of average final earnings up to Social Security maximum covered compensation for each year of credited service up to a maximum of 31 years plus sick leave credits, plus 2.4% of average final earnings above Social Security maximum covered compensation for each of the first 25 years, and 2% of average final earnings above Social Security maximum covered compensation for each year of credited service after 25 years up to a maximum of 31 years, plus sick leave credits.) Sick leave credits used for years in excess of 25 years is credited at 2% of average final earnings above Social Security maximum covered compensation.

6. Post-Retirement Increases

Optional non-integrated plan: Annual adjustment to the benefit equal to 100% of the change in Consumer Price Index for the Washington Metro Area for years and months of credited service before July 1, 2011. For years and months of credited service after June 30, 2011, any adjustment will not exceed 2.5%.

Optional integrated plan: Annual adjustment to the benefit equal to 100% of the change in Consumer Price Index for the Washington Metro Area for years and months of credited service before July 1, 2011. For years and months of credited service after June 30, 2011, any adjustment will not exceed 2.5%.

Mandatory integrated plan:

- Participants who enrolled on or after July 1, 1978, and retired before November 1, 2001 – Annual adjustment to the benefit equal to 60% of CPI increase, limited to 5%. However, if over age 65 or disabled, then the maximum limit of 5% does not apply.
- Participants who enrolled on or after July 1, 1978, and retired on or after November 1, 2001 – Annual adjustment to the benefit equal to 100% of the change in Consumer Price Index for the Washington Metro Area up to 3%, plus 60% of any change in Consumer Price Index greater than 3%, not to exceed a total of 7.5% for years and months of credited service before July 1, 2011. The maximum 7.5% does not apply to disability retirees or retirees over age 65 for years of service before July 1, 2011. For years and months of credited service after June 30, 2011, any adjustment will not exceed 2.5%.

Following are the recent COLA increases granted July 1.

COLA Granted July 1	100% of CPI, Pre-7/1/2011 Service	100% of CPI up to 3%, 60% of Change in Excess of 3%, Pre-7/1/2011 Service	100% of CPI, Capped at 2.5%, Post- 7/1/2011 Service	60% of CPI

2025	1.867%	1.867%	1.867%	1.120%

Disability Benefits:

For a disability occurring after June 30, 2011, as determined by the Disability Review Panel, any post-retirement adjustment of the disability retirement benefit will not exceed 2.5%.

Sick Leave:

For purposes of applying any post-retirement adjustment, any sick leave will be credited as years and months of service as of the date of retirement. For participants who retire after July 1, 2011, any post-retirement adjustment will not exceed 2.5% on any sick leave credited as years and months of service.

DRSP Participants:

Effective July 1, 2011, any additional sick leave credited as years and months of service at DRSP exit is subject to the 2.5% post-retirement adjustment limit.

DROP Participants:

Effective July 1, 2011, any additional sick leave credited as years and months of service at DROP exit is subject to the 2.5% post-retirement adjustment limit.

Transferred Service:

For purposes of applying any post-retirement adjustment, any transferred service will be credited as years and months of service as of the date a properly completed application is filed with the Benefits Team. For applications to transfer service credit filed after June 30, 2011, any post-retirement adjustment will not exceed 2.5% on the transferred service.

Purchased Service:

For purposes of applying any post-retirement adjustment, any purchased service will be credited as years and months of service as of the date a properly completed application is filed with the Benefits Team. For applications to purchase service credit filed after June 30, 2011, any post-retirement adjustment will not exceed 2.5% on the purchased service.

Subject: GRIP and RSP Enhancements & RSP Transfers to GRIP – Cost Impact for Represented and Non-Represented Employees

Dear Ms. Harling:

As requested, we have measured the cost impact to the Montgomery County Employees’ Retirement System (ERS) of a proposal to apply the same changes to non-represented employees participating in the Guaranteed Retirement Income Plan (GRIP) or the Retirement Savings Plan (RSP) that were recently bargained and adopted for represented employees participating in the GRIP and RSP. The cost impact in this letter is based on the results of the July 1, 2025 actuarial valuation.

The changes that were adopted for represented employees are as follows:

1. The current employee contribution rate of 4.00% and the current employer contribution rate of 8.00% to the RSP and GRIP member account balances will increase by 1.00% of pay effective January 1, 2027 (to 5.00% and 9.00%, respectively) and will increase by an additional 1.00% of pay effective January 1, 2028 (to 6.00% and 10.00%, respectively).
2. Employees participating in GRIP who elect the optional form of payment to annuitize their GRIP account balance will receive an annual Post-Retirement Cost-of-Living Adjustment (COLA) linked to changes in the Washington-Arlington-Alexandria Consumer Price Index, up to 2.5% annually.
 - a. The GRIP annuitization factors are based on a 0% COLA rate.
3. Effective July 1, 2026, employees hired before July 1, 2015 who previously elected or defaulted to the RSP will be given a one-time irrevocable opportunity to switch to the GRIP.
 - a. MCERP has confirmed that the RSP balance will be transferred to the GRIP and the guaranteed interest rate of 7.25% will be applied prospectively.

The County provided active member data files for GRIP and RSP for the July 1, 2025 actuarial valuation that can be summarized as follows (retirement code CM and RM are represented employees):

Employee designation	GRIP	RSP*	Total	RSP Hired Before 7/1/2015
Represented	3,019	1,580	4,599	1,320
Non-represented	733	1,709	2,442	835
Total	3,752	3,289	7,041	2,155

**Excludes three members who were in the July 1, 2025 actuarial valuation with an active GRIP status. Non-represented includes 3 elected officials in GRIP (code CZ) and 9 in RSP (code ZK).*

The following transfer scenarios are included in this letter:

Exhibit	Description
I	Cost Impact – Represented GRIP Provision Changes and Represented RSP Transfer to GRIP (GRIP Impact Only)
II	Cost Impact – Non-Represented GRIP Provision Changes and Non-Represented RSP Transfer to GRIP (GRIP Impact Only)
III	Cost Impact – Represented RSP Provision Changes and Represented RSP Transfer to GRIP (GRIP and RSP Impact)
IV	Cost Impact – Non-Represented RSP Provision Changes and Non-Represented RSP Transfer to GRIP (GRIP and RSP Impact)
V	Data Summary
VI	Projected County Contributions from GRIP and RSP Changes

The Appendix includes a brief summary of the current actuarial assumptions and benefit provisions.

Exhibit I summarizes the cost impact of the changes to the GRIP plan provisions applicable to the represented employees only. There are four transfer scenarios – 25%, 50%, 75% and 100% of eligible represented employees transfer from RSP to GRIP.

Exhibit II summarizes the cost impact of the changes to the GRIP plan provisions applicable to the non-represented employees. The cost impact for the non-represented employees assumes that the changes were already effective for the represented employees. There are four transfer scenarios – 25%, 50%, 75% and 100% of eligible non-represented employees transfer from RSP to GRIP.

Exhibit III summarizes the cost impact of the changes to the RSP plan provisions and the combined impact of the GRIP and RSP changes applicable to the represented employees only. There are four transfer scenarios – 25%, 50%, 75% and 100% of eligible represented employees transfer from RSP to GRIP.

Exhibit IV summarizes the cost impact of the changes to the RSP plan provisions and the combined impact of the GRIP and RSP changes applicable to the non-represented employees. The cost impact for the non-represented employees assumes that the changes already were effective for the represented employees. There are four transfer scenarios – 25%, 50%, 75% and 100% of eligible non-represented employees transfer from RSP to GRIP.

Exhibit VI summarizes the projected County contributions for fiscal years 2027 through 2031 and reflects that employee and County contributions will increase by 1.00% of pay each effective January 1, 2027 and will increase by an additional 1.00% of pay each effective January 1, 2028.

Based on the current assumptions and plan provisions, there is expected to be a decrease in County contributions if eligible employees transfer from RSP to GRIP. The normal cost rate (the estimated annual cost of benefits) is lower for GRIP than for RSP because GRIP accounts are credited with 7.25% annual interest and the current investment return assumption is 7.50%.

Considerations and Disclosures

The analysis was performed at the request of Montgomery County ("County") and is intended for use by the County and those designated by the County. This analysis may be provided to parties other than the County only in its entirety and only with the permission of the County.

We assumed that member behavior would be based on the GRIP assumptions for results after the transfer and that assumed rates of salary increase, termination rates, and retirement rates would be based on total service (including service under the current plan). We have not performed an analysis using different sets of assumptions. We recommend additional sensitivity analysis on the assumptions used before moving forward with the transfer to evaluate the cost associated with a range of possible assumptions.

If any of the provisions, underlying data or assumptions used in this analysis appear to be incorrect or unreasonable, please let us know as soon as possible so we can update the analysis.

Future actuarial measurements may differ significantly from the current measurements presented in this cost analysis due to such factors as the following: plan experience differing from that anticipated by the economic or demographic assumptions; changes in economic or demographic assumptions; and changes in plan provisions, contribution amounts or applicable law.

This report was prepared using our proprietary valuation model and related software which, in our professional judgment, has the capability to provide results that are consistent with the purposes of the valuation, and has no material limitations or known weaknesses. We performed tests to ensure that the model reasonably represents that which is intended to be modeled. We are relying on the GRS actuaries and Internal Software, Training and Processes Team, who developed and maintain the model.

To the best of our knowledge, the information contained in this analysis is accurate and fairly presents the actuarial position of the Montgomery County Employees' Retirement System as of the valuation date. All calculations have been made in conformity with generally accepted actuarial principles and practices, and with the Actuarial Standards of Practice issued by the Actuarial Standards Board.

Amy Williams and Alex Rivera are Members of the American Academy of Actuaries (MAAA) and meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinions contained herein.

This report should not be relied on for any purpose other than the purpose stated.

The signing actuaries are independent of the plan sponsor.

The projected contributions above reflect that employee and County contributions will increase by 1.00% of pay each effective January 1, 2027 and will increase by an additional 1.00% of pay each effective January 1, 2028 and that the FY 2027 payroll is projected to be 3% higher than payroll as of July 1, 2025. The County could increase the FY 2027 GRIP contribution rate by 0.5% from the rate calculated in the July 1, 2025 actuarial valuation to account for this change.

**July 1, 2025 Actuarial Valuation Assumptions
Applicable to GRIP**

The assumed rate of price inflation is 2.50%.

The assumed COLA is 2.20%.

The assumed rate of investment return used was 7.50%, net of expenses, annually.

Members who retire with less than 20 years of service are assumed to elect a lump sum. 50% of members who retire with 20 or more years of service are assumed to annuitize their GRIP account balance through the County. (Annuitization assumption is only applicable to the proposed scenarios. The valuation assumption is that 100% of members elect a lump sum.)

GRIP Annuitization Rates (applicable to the proposed scenarios only):

The GRIP annuitization rates are assumed to be based on an interest rate of 5.50% (similar to the rates applicable for the year ending June 30, 2025) for members that retire within the next five years and an interest rate of 4.00% (similar to the rates prior to 2021) for members that retire more than five years after the valuation date. This assumption was also used in the August 6, 2024 analysis.

The GRIP annuitization factors are based on a 0% COLA rate.

2019	\$132,900		
2020	\$137,700		

2. Social Security Maximum Compensation Level

The maximum dollar amount of earnings upon which Social Security benefits are based, assuming: (1) an employee’s annual compensation is at least as great as the taxable wage base each year, for a 35-year period through the year in which the employee attains Social Security Retirement Age, (2) the employee remained in covered employment during each calendar year, and (3) the taxable wage base stays level from date of retirement to Social Security Retirement Age.

Guaranteed Retirement Income Plan (effective 7/1/2009)

A. Eligibility for GRIP entry:

- Full-time Non-Public Safety employees hired on or after July 1, 2009, who do not participate in the retirement savings plan may make a one-time irrevocable election to participate in the GRIP within the first 150 days of full time employment. Participation in the plan begins 180 days after employment.
- Part-time or temporary Non-Public Safety employees hired on or after October 1, 1994, who do not participate in the retirement savings plan may make a one-time irrevocable election to participate in the GRIP after at least 150 days of employment. Participation in the plan begins 180 days after employment.

B. The GRIP account collects:

- Member contributions (pre-tax unless noted otherwise)
 - a. Non-public safety employees: 4% of regular base earnings up to the maximum Social Security wage base plus 8% of the excess.
 - b. Public safety employees: 3% of regular base earnings up to the maximum Social Security wage base plus 6% of the excess.
 - c. Effective July 1, 2011, members had the option to contribute an additional 2% of regular earnings for service between June 30, 2011 and July 1, 2012, on an after-tax basis by making an election in writing on or before September 1, 2011.
- Employer contributions
 - a. Non-public safety employees: 8% of regular base earnings. Effective July 1, 2011, the employer contribution was 6% of regular base earnings for service between June 30, 2011, and July 1, 2012.
 - b. Public safety employees: 10% of regular base earnings. Effective July 1, 2011, the employer contribution was 8% of regular base earnings for service between June 30, 2011, and July 1, 2012.
- 7.25% interest credited from the date of contribution.

C. Vesting Schedule:

- Employees are 100% vested in employee contributions at all times.
- County contributions are 0% vested from 0-3 years of credited service and 100% vested at 3 or more years of credited service.
- Participants become 100% vested at death or disability.

D. Normal Form of Payment – Lump sum

E. Optional Forms of Payment:

- Direct rollover
- Life annuity purchased from MCERP

F. Eligible Agencies:

- CC – credit union employees (outside agency)
- CM – union employees (represented)
- CN – non-bargaining employees (non-represented)
- CP – public safety employees
- CZ – elected officials who transferred from the EOP

OPT/SLT Bargaining Units-Pension and Retirement Adjustments

Bill Summary

This bill addresses several negotiated changes related to pension and retirement adjustments. This bill offers a one-time opportunity for specific Emergency Communication Center (ECC) employees to purchase retirement service credits, removes normal retirement age requirements with 25 years of service for Employees' Retirement System (ERS) Groups E and J, expands ERS Group E to include correctional health nurses, adds Cost of Living Adjustments (COLA) to Guaranteed Retirement Income Plan (GRIP) annuities, increases GRIP and Retirement Savings Plan (RSP) contribution rates, and temporarily reopens enrollment for the GRIP for certain employees.

Fiscal Impact Summary

Expenditures are estimated to increase by approximately \$3.2 million in FY27, increasing annually to \$15.5 million by FY31. These increases do not include the indeterminate fiscal impacts of some of the changes implemented by the bill that are dependent on variables such as the number of affected employees, the amount of purchased service credit, and the value of balances transferred into new plans. These indeterminate increases primarily affect the potential cost impacts beyond FY27, and will depend on the actual experiences resulting from employee plan selections.

Fiscal Impact Analysis

The one-time irrevocable service purchase opportunity will enable specific ECC employees in Groups E and J to purchase credited years of service at the full actuarial cost plus a 7.5% risk share. The cost impact is dependent on the number of affected employees and the amount of service purchased. At this time, there is no estimate for how many employees would take this opportunity.

The change in retirement eligibility condition for members of Groups E and J will adjust normal retirement eligibility from age 55 and 15 years of credited service, or age 46 and 25 years of credited service to 25 years of credited service at any age, with an estimated impact of \$2,507 in the first year of inclusion in the actuarial valuation. Amendments were submitted on April 21, 2026 to include this amount in the FY27 budget.

The transfer of correctional health nurses from Groups A and J to Group E will be effective on June 30, 2029, with the cost dependent on the number of affected employees. The impact of this would be determined in the actuarial valuation for

funding the FY30 budget.

The changes to the County and employee contribution rates to GRIP and RSP member account balances will increase the current County contribution rate of 8.00% of pay to 9.00% of pay effective January 1, 2027 and to 10.00% of pay effective January 1, 2028. The current employee contribution rate will increase from 4.00% of pay to 5.00% of pay effective January 1, 2027 and to 6.00% of pay on January 1, 2028. The estimated FY27 impact of changes to the County and employee contribution rates is \$3,639,388. This amount accounts for the value of the additional county contribution; subsequent annual valuations will assume estimates for both the county contribution requirements and the actuarial impacts on liability.

The addition of COLA adjustments to GRIP annuities will enable employees participating in the GRIP who elect the optional form of payment to annuitize their GRIP account balance to receive an annual post-retirement COLA linked to changes in the Washington-Arlington-Alexandria Consumer Price Index, up to 2.5% annually, with an estimated FY27 impact of up to (-\$103,519). Amendments will be submitted to include this amount in the FY27 budget. The actuarial analysis presents the estimated impact for a full year; this estimate represents impact that recognizes an expected January 1, 2027 effective date.

The one-time irrevocable opportunity to switch to the GRIP will enable represented employees hired before July 1, 2014 who previously elected or defaulted to the RSP to enroll in the GRIP. The RSP balances of affected employees will be transferred to the GRIP and the guaranteed interest rate of 7.25% will be applied prospectively. The cost impact of this change is dependent on the number of affected employees and the value of the balances transferred. At this time, there is no estimate for how many employees would take this opportunity. Amendments will be submitted to include (-\$343,844) in the FY27 budget, an assumption of a 25% shift of eligible represented employees from RSP to GRIP. The actuarial analysis presents the estimated impact for a full year; this estimate represents impact that recognizes an expected January 1, 2027 effective date.

The funding necessary to implement the FY27 impact of the RSP and GRIP contribution increases was included in the FY27 County Executive Recommended Operating Budget. All other items with estimated FY27 impact will be addressed with a budget amendment.

Staff Impact

The bill is expected to impact staff time and workload. Duties include developing retirement models for a large number of employees, creating and disseminating communication to eligible and affected employees, conducting various informational employee meetings, and recordkeeping updates. These changes are anticipated to be absorbed by current staff but may result in delays in other projects.

Actuarial Analysis

Actuarial analysis was performed in order to estimate the fiscal impact of each change. The actuaries measured the cost impact to the Montgomery County Employee's Retirement System with impacts calculated as of July 1, 2025 (the effective date of the most recent actuarial valuation) for FY27 contributions. Actual impacts for FY28 and future valuations will depend on the final assumptions approved, as well as other natural assumption changes or updates present in the valuation. For applicable changes, the actuarial analysis also presents scenarios to estimate the cost impact of certain parentages of employees transferring plans.

See attached actuarial analyses performed by Gabriel, Roeder, Smith and Company for full details.

Information Technology Impact

The bill requires adjustments to retirement information in the County's Information Technology (IT) or Enterprise Resource Planning (ERP) systems.

Other Information

Later actions that may impact revenue or expenditures if future spending is projected

The bill does not authorize future spending.

Ranges of revenue or expenditures that are uncertain or difficult to project

The expenditure estimates for FY28 and beyond are subject to actuarial valuations performed for each budget year. Changes to underlying actuarial assumptions could have an impact on the accuracy of the initial estimates, and the compounding effect of multiple provisions is likely to result in additional expenses in the valuations.

BILL 21-26: EMPLOYEE RETIREMENT SYSTEM – SAVINGS AND BENEFITS - AMENDMENTS

SUMMARY

The Office of Legislative Oversight (OLO) anticipates Bill 21-26 will have no impact on the County's contribution to addressing climate change as it is proposing changes to benefits for certain County employees.

BACKGROUND AND PURPOSE OF BILL 21-26

The County Executive recently completed negotiations with the Municipal and County Government Employee Organization (MCGEO), Local 1994. MCGEO is the union that represents all eligible County employees "associated with office, professional, paraprofessional, and technical functions."¹ The negotiations resulted in an agreement that would make changes to the County's employee retirement systems.²

The purpose of Bill 21-26 is to enact the provisions in the agreement. As stated in the Bill, it would make the following changes:

- add correctional health nurses to retirement Group E, effective June 30, 2029;
- remove retirement Groups E and J age requirement for normal retirement when 25 years of service are met;
- increase employee and employer contributions for employees that participate in the Guaranteed Retirement Income Plan (GRIP);
- increase employee and employer contributions for Group I members participating in the Retirement Savings Plan (RSP);
- reopen GRIP enrollment for specified members of the Office, Professional, and Technical (OPT) and Service, Labor, and Trades (SLT) bargaining unit for a limited time;
- provide post-retirement Cost-of-Living Adjustment (COLA) to GRIP; and
- provide a one-time limited irrevocable opportunity to purchase credited service years for specified Emergency Communications Center (ECC) employees in Groups E and J.³

According to the County's Office of Management and Budget (OMB), "[e]xpenditures are estimated to increase by approximately \$3.2 million in FY27, increasing annually to \$15.5 million by FY31."⁴

The Council introduced the Bill on behalf of the County Executive on May 5, 2026.

ANTICIPATED IMPACTS

As the Bill is proposing changes to benefits for certain County employees, OLO anticipates Bill 21-26 will have no impact on the County's contribution to addressing climate change, including the reduction and/or sequestration of greenhouse gas emissions and community climate resilience.

RECOMMENDED AMENDMENTS

The Climate Assessment Act requires OLO to offer recommendations, such as amendments or other measures to mitigate any anticipated negative climate impacts.⁵ OLO does not offer recommendations or amendments as Bill 21-26 will have no impact on the County's contribution to addressing climate change, including the reduction and/or sequestration of greenhouse gas emissions and community climate resilience.

CAVEATS

OLO notes two caveats to this climate assessment. First, predicting the impacts of legislation upon climate change is a challenging analytical endeavor due to data limitations, uncertainty, and the broad, global nature of climate change. Second, the analysis performed here is intended to inform the legislative process, not determine whether the Council should enact legislation. Thus, any conclusion made in this statement does not represent OLO's endorsement of, or objection to, the bill under consideration.

PURPOSE OF CLIMATE ASSESSMENTS

The purpose of the Climate Assessments is to evaluate the anticipated impact of legislation on the County's contribution to addressing climate change. These climate assessments will provide the Council with a more thorough understanding of the potential climate impacts and implications of proposed legislation, at the County level. The scope of the Climate Assessments is limited to the County's contribution to addressing climate change, specifically upon the County's contribution to greenhouse gas emissions and how actions suggested by legislation could help increase the County's community climate resilience.

While co-benefits such as health and cost savings may be discussed, the focus is on how proposed County bills may impact GHG emissions and community resilience.
