COUNTY COUNCIL
FOR MONTGOMERY COUNTY, MARYLAND
SITTING AS THE MONTGOMERY COUNTY BOARD OF HEALTH

Lead Sponsor: Council President at the Request of the Executive

SUBJECT:  Second Amended Board of Health Regulation to prevent the spread of COVID-19, and indoor mask guidance in Montgomery County

Background

1. On March 5, 2020, Lawrence J. Hogan, the Governor of the State of Maryland declared a state of emergency and catastrophic health emergency to control and prevent the spread of COVID-19, within Maryland, which expired on August 15, 2021. On January 4, 2022, the Governor declared a new state of emergency and catastrophic health emergency due to the surge in hospitalizations and widespread health impacts caused by the Omicron variant of COVID-19.

2. On July 27, 2021 the U.S. Centers for Disease Control and Prevention (CDC) recommended that persons residing in areas of substantial or high transmission of COVID-19 return to wearing masks in indoor public spaces.

3. Montgomery County is currently an area of high community transmission.

4. Under the First Amended Board of Health Regulation adopted on January 4, 2022, through Resolution No. 19-1120, an indoor mask requirement for public spaces within the County will automatically terminate effective January 31, 2022 at 11:59 p.m.

5. Although the public health situation in the County has been aided tremendously by high vaccination rates among eligible County residents, the Omicron variant has become the dominant variant of the COVID-19 virus in the County. Omicron appears to be 6 times as transmissible as the Delta variant and requires an amended public health order.

6. The extremely high community transmission rate of the Omicron variant and high percentage of COVID-related hospital utilization requires the Board of Health to continue the indoor mask requirements of Resolution No. 19-1043 in effect for the foreseeable future in order to mitigate the spread of the virus throughout the County.

7. Pursuant to Md. Code Ann. Local Government §10-328(b) a county may provide for the prevention of contagious diseases in the county.

8. A local Board of Health may, pursuant to Md. Code Ann. Health Gen. §3-202(d), adopt and enforce rules and regulations on any cause of disease in the county.

9. Pursuant to Montgomery County Code 2-65, the Montgomery County Council is and may
act as the County Board of Health.

10. Rule 4(d) of the Council’s Rules of Procedure provides that before the Board of Health adopts a regulation, the Council President must advertise a public hearing in a newspaper circulated throughout the County at least 15 days before the hearing and notify the governing body or chief executive officer of each municipality in the County at least 15 days before the hearing. Rule 4(d) allows the President to waive these notice provisions if a public health emergency requires immediate action. The Council President has waived these notice requirements because of the public health emergency caused by COVID-19.

11. The County Council, sitting as the Board of Health, finds after hearing the testimony and other evidence in the record of the public hearing that this amended public health regulation is necessary to protect the health of County residents.
