On November 19, 2019, the Council adopted the Economic Development Platform for Montgomery County (Resolution No. 19-300). Under the Business Development pillar of the Platform: “The Council will invest in opportunities to 1) decrease the cost of doing business in the County; 2) promote the County’s businesses and business climate; 3) facilitate the attraction and retention of strategic industries; and 4) expand entrepreneurial programs and services to create new businesses.”

Consistent with the Economic Development Platform, the main purposes of Bill 38-21 are to decrease the costs of doing business in the County, and to attract and retain businesses in the County. The bill also would support businesses’ efforts to subsidize child care for their employees.

Bill 38-21 would require the Director of the Department of Finance to create and administer a Local Business Child Care Grant Program within the Economic Development Fund.

Under the program, a local for-profit or non-profit business, with 50 or fewer employees, could apply for a grant from the County to match up to 50% of the employer's contributions to its employees' Flexible Spending Accounts (FSAs) for eligible childcare and dependent care under Section 125 of the Internal Revenue Code. The match would be available only for employer contributions to FSAs for employees earning gross incomes of less than \$125,000.

Grant recipients under the bill would be required to remit to the County any unused or improperly used grant funds. The Executive would report to the Council annually regarding the outcomes of the program.
