MEMORANDUM

June 9, 2022

TO: County Council

FROM: Ludeen McCartney-Green, Legislative Attorney

SUBJECT: Expedited Bill 9-22, Taxation – Property Tax Credit – Elderly Individuals and Retired Military Services Members - Amendments

PURPOSE: Introduction – no Council votes required

Expedited Bill 9-22, Taxation – Property Tax Credit – Elderly Individuals and Retired Military Services Members, sponsored by the Lead Sponsor Council President at the Request of the County Executive, is scheduled to be introduced on June 14, 2022. A public hearing is tentatively scheduled for June 21 at 1:30 p.m.¹

BACKGROUND

Under Maryland Property Tax § 9-258, the state law provides enabling legislation for the County to establish a property tax credit for seniors and veterans. In 2017, the Council enacted Bill 46-16 to create a property tax credit for certain elderly individuals and military retirees.

Specifically, Section 52-110 of the County Code, allows a 20% county property tax credit for up to 5 years on an eligible individual's home. An eligible individual is an individual that is: (1) at least 65 years old and has lived in the same dwelling for the preceding 40 years; or (2) is at least 65 years old and is a retired member (or surviving spouse) of the United States armed forces, military reserves, or national guard. Finally, an eligible individual may receive a property tax credit if the home for which they are seeking the credit is assessed at no more than $650,000 (for elderly individuals), or $500,000 (for retired services members).

During the 2022 session, the Maryland General Assembly passed Senate Bill 901, Property Tax – Elderly Individuals and Veterans Tax Credit – Amount and Duration, ©14. This bill repealed a provision under Md. Tax Property §9-258 that established the maximum amount of property tax credit and the time period for which an individual is eligible to receive the credit.

¹ #elderlypropertytaxcredit #vetpropertytaxcredit
The property tax credit allowed under this section may:

(1) not exceed 20% of the county or municipal corporation property tax imposed on the property; and
(2) be granted for a period of up to 5 years.

Senate Bill 901 was signed by the Governor on May 12, 2022, and the bill took effect on June 1, 2022. Now, the County has the authority to alter the duration of the tax credit.

BILL DESCRIPTION

Expedited Bill 9-22 would extend the duration of the property tax credit for elderly individuals and retired military services members from 5 years to 7 years, with an effective date of July 1, 2022, applicable for tax bills after June 30, 2022. See County Executive Memorandum ©9.

Fiscal Impact Statement

Bill XX-22E, Property Tax Credit - Elderly and Retired Military Service Members

1. Legislative Summary

Bill XX-22E extends the period for which a property tax credit may be granted for elderly individuals and retired military services members from five years to seven years. During the 2022 legislative session, the General Assembly enacted, and the Governor signed SB 901, which repealed the five-year limit on Property Tax Credits Maryland counties may offer to residents who are at least 65 years old and have lived in their homes for at least 40 years; or are retired from the uniformed services, the military reserves, or the national guard. In 2017, the Council enacted Bill 42-16, which created the property tax credit. In conformance with State law, the property tax credit was granted annually for five years, subject to application requirements. Expedited Bill XX-22 will extend the credit to seven years.

2. An estimate of changes in County revenues and expenditures regardless of whether the revenues or expenditures are assumed in the recommended or approved budget. Includes source of information, assumptions, and methodologies used.

The extension of the term of the Elderly Individuals and Veterans tax credit from five years to seven years will increase the tax credit by an aggregate $12.2 million over six years (FY23-28). However, the FY23 Recommended Budget assumes the tax credit program continuing for all eligible property owners—therefore the impact of the bill for FY23 through FY28 is negligible, regarding the budgeted amounts for each year. The estimated increase in annual tax credit expenditures, shown in the table below, declines annually from FY24 to FY27 as a result of the earliest adopters ultimately leaving the program after receiving the additional 2-year extension.

The analysis below is based on current law compared to the Bill and assumes that: i) existing beneficiaries will continue to receive the credit for an additional two years; ii) an additional 200 elderly individuals and 20 veterans will sign up for the program each year; iii) the assessed value of benefiting properties increases by two percent per year. The assumed growth in benefit recipients listed above is set at double the actual growth of beneficiaries of the credit for levy year 2021 but is less than the number of new recipients in levy years 2019 and 2020.

3. Revenue and expenditure estimates covering at least the next 6 fiscal years.

The net revenue loss for the extension to the FY23 Budget is negligible because the FY23 Recommended Budget assumed a continuation of the original credit as it is a small component of the overall forecast for the tax credit. There is no apparent impact on expenditures.
4. An actuarial analysis through the entire amortization period for each bill that would affect retiree pension or group insurance costs.

   Not applicable.

5. An estimate of expenditures related to County’s information technology (IT) systems, including Enterprise Resource Planning (ERP) systems.

   Not applicable.

6. Later actions that may affect future revenue and expenditures if the bill authorizes future spending.

   Not applicable.

7. An estimate of the staff time needed to implement the bill.

   The Elderly Individuals and Veterans tax credit in its current form as a benefit for five years is already supported by staff of the Department of Finance. The proposed change to the tax credit would not require any additional staff time.

8. An explanation of how the addition of new staff responsibilities would affect other duties.

   Not applicable.

9. An estimate of costs when an additional appropriation is needed.

   Not applicable.

10. A description of any variable that could affect revenue and cost estimates.

    The number of eligible participants in future years may be higher or lower than the analysis depicts. There may be several applications that are ineligible because their property value is over $650,000 (for elderly) or over $500,000 (for retired members of the uniformed services). The average value of properties receiving the credit may increase at a higher or lower rate than estimated in the analysis. Any extension of the credit past seven years would result in higher cost.

11. Ranges of revenue or expenditures that are uncertain or difficult to project.

    See the response above in number 10.

12. If a bill is likely to have no fiscal impact, why that is the case.

    Not applicable.
13. Other fiscal impacts or comments.

Not applicable.

MEMORANDUM

June 2, 2022

TO: Gabe Albornoz, President
Montgomery County Council

FROM: Marc Elrich, County Executive

SUBJECT: Bill XX-22E - Property Tax Credit - Elderly Individuals and Retired Military Services Members

I am recommending Expedited Bill XX-22 to extend the time limit for property tax credits for certain elderly individuals and retirees of the armed forces by two years.

During the 2022 legislative session, the General Assembly enacted, SB901, which repealed the five-year limit on Property Tax Credits counties may offer to residents who are at least 65 years old and have lived in their homes for at least 40 years or are retired from the uniformed services, the military reserves, or the national guard.

In 2017, the Council enacted Bill 42-16, which created the property tax credit. In conformance with State law, the property tax credit was granted annually for five years, subject to application requirements. Expedited Bill XX-22 will extend the credit to up to seven years.

The Governor signed the bill on May 12, 2022, and the new State law went into effect on June 1, impacting property tax bills that are due to be sent in just three weeks. Therefore, we have a limited time to move this Expedited Bill forward, which is why I have not proposed any other modifications.
