

Introduction

MEMORANDUM

March 12, 2010

TO: County Council

FROM: Amanda Mihill, Legislative Analyst *A. Mihill*

SUBJECT: **Introduction:** Expedited Bill 8-10, Finance – Public Facilities – Agricultural Easements

Expedited Bill 8-10, Finance – Public Facilities – Agricultural Easements, sponsored by the Planning, Housing, and Economic Development Committee, is scheduled to be introduced on March 16, 2010. A public hearing is tentatively scheduled for April 6 at 1:30 p.m.

Bill 8-10 would amend the definition of public facility to explicitly include the purchase of agricultural easements as defined in Article 3 of Chapter 2B (the County Agricultural Easement Program (AEP)). Under current practice, the AEP is funded by Agricultural Transfer Taxes. At its March 4 worksession on the Agricultural Land Preservation Easements project in the CIP, the PHED Committee expressed an interest in allowing general obligation bonds to be used to purchase agricultural easements. However, the Committee was advised by the Department of Finance that G.O. bonds could not be used to purchase easements because in the Department's view, easements were not included in the definition of "public facilities" in Chapter 20. Bill 8-10 would not create a new easement program, but enable the use of a different type of funding in addition to the Agricultural Transfer Taxes for an easement program that is already in operation.
